## Many Citizens Will Lose Vote In November

Two or three hundred people will perhaps lose their vote at the November election, in the opinion of City Clerk Louis Deitz, if they do not attend to the little formality of registering as voters before Saturday night. Mr. Deitz is deputy county registrar and bases his opinion on the total registration to date in this precinct as compared with the old registration.

If you have not registered since January 1 of this year, you cannot vote. Registration books close thirty days in advance of the election. Saturday will be the last day to register for the election of November 7.

Mr. Deitz will remain in the City Hall tomorrow until 9 p. m. for the accommodation of voters who wish to register. The importance of this election makes it especially necessary that all voters play the part of good citizenship, see that they are registered, then go to the polls and vote.

## NARROW ESCAPE IN PERILOUS CLIMB

Caught in a position on the canyon wall where he could neither ascend nor retrace his steps downward, James Sadlier had a narrow escape from serious danger Monday afternoon.

In company with his guest, Mr. Richard Buhlig of Los Angeles, he had gone up the Bailey Canyon for a little climb. They started up the precipitous wall to pass around the falls, Mr. Sadlier being ahead. When about half way up he reached a point where he could progress no further. On attempting to descend, the ground gave way and left him marooned high on the slope.

Mr. Buhlig had considerable difficulty retracing his steps but finally managed to reach the bottom of the canyon. He made his way to the residence of Miss T. H. Graham where he telephoned for aid. A rescue party consisting of A. M. Udell, Earl Topping, Claude Vedder, W. E. Hoover and Ad Mueller hurried to the canyon and by means of ropes, reached Mr. Sadlier and assisted him from his precarious position.

## WADE WILL LEAD GAS ASSOCIATION

Frank S. Wade, superintendent of operation of the Southern Counties Gas Company, prominent figure in the gas fraternity of Southern California, and well known here, was elected as president of the Pacific Coast Gas Association at the twenty-ninth Annual convention held recently at Santa Barbara. Wade was vice president of the association during the past year, and because of his diligent work on behalf of the industry, was made president for the coming year.

Two other representatives of the local gas company were made chairman of committees for the coming year in the Pacific Coast Gas Association. N. R. Thompson, engineer, was made chairman of the Wrinkle committee, and Clyde H. Potter, advertising man, was appointed chairman of the publicity committee.

The 1923 convention of the Coast Gas Association will be held at Del Monte during the month of September.

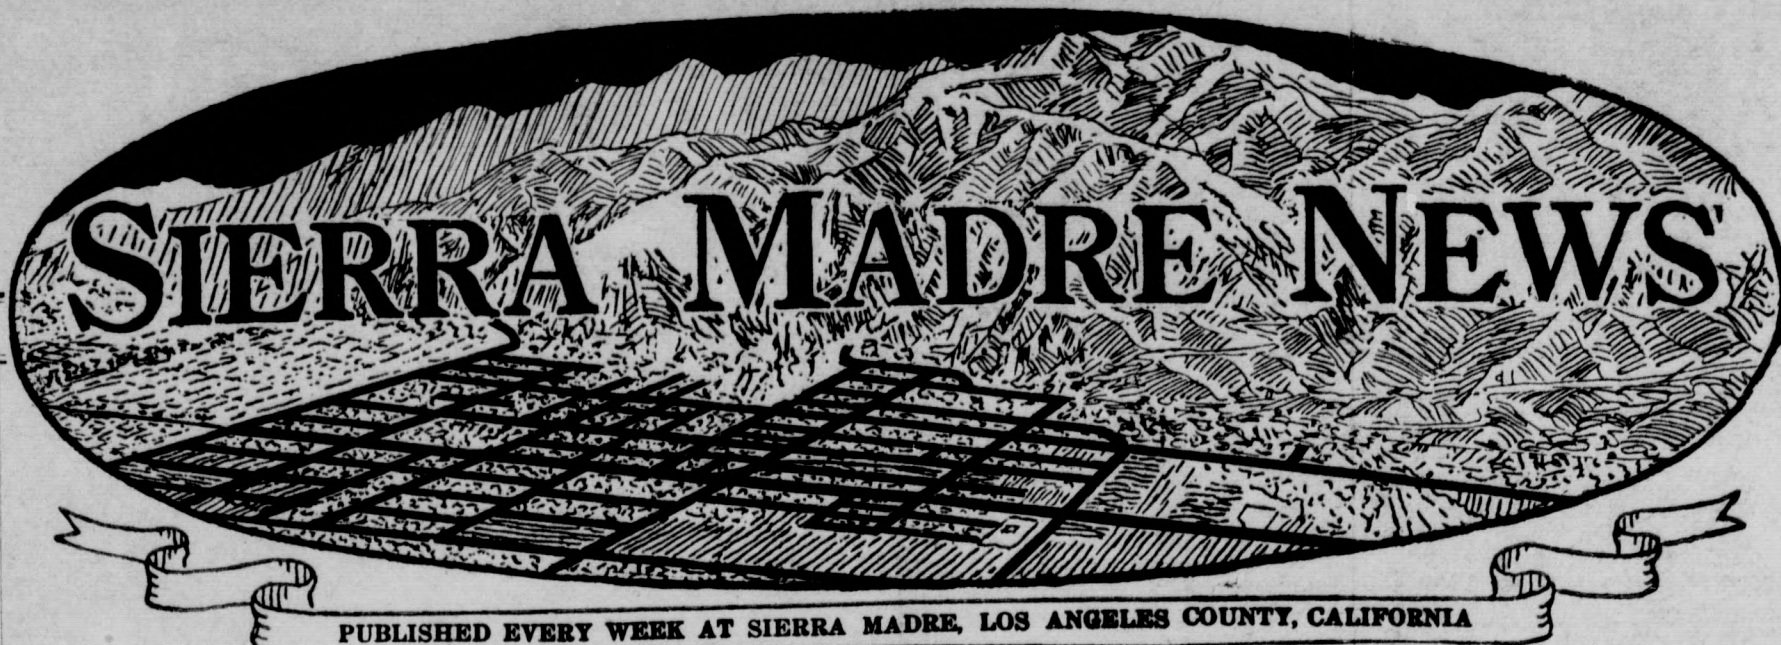

## FELGATE TAKES PASADENA JOB

W. W. Felgate and son, Billy left for Pasadena on Thursday where Mr. Felgate will assume the important position of supervisor of Brookside Park. The development of this park has assumed such proportions that the position is a highly important one.

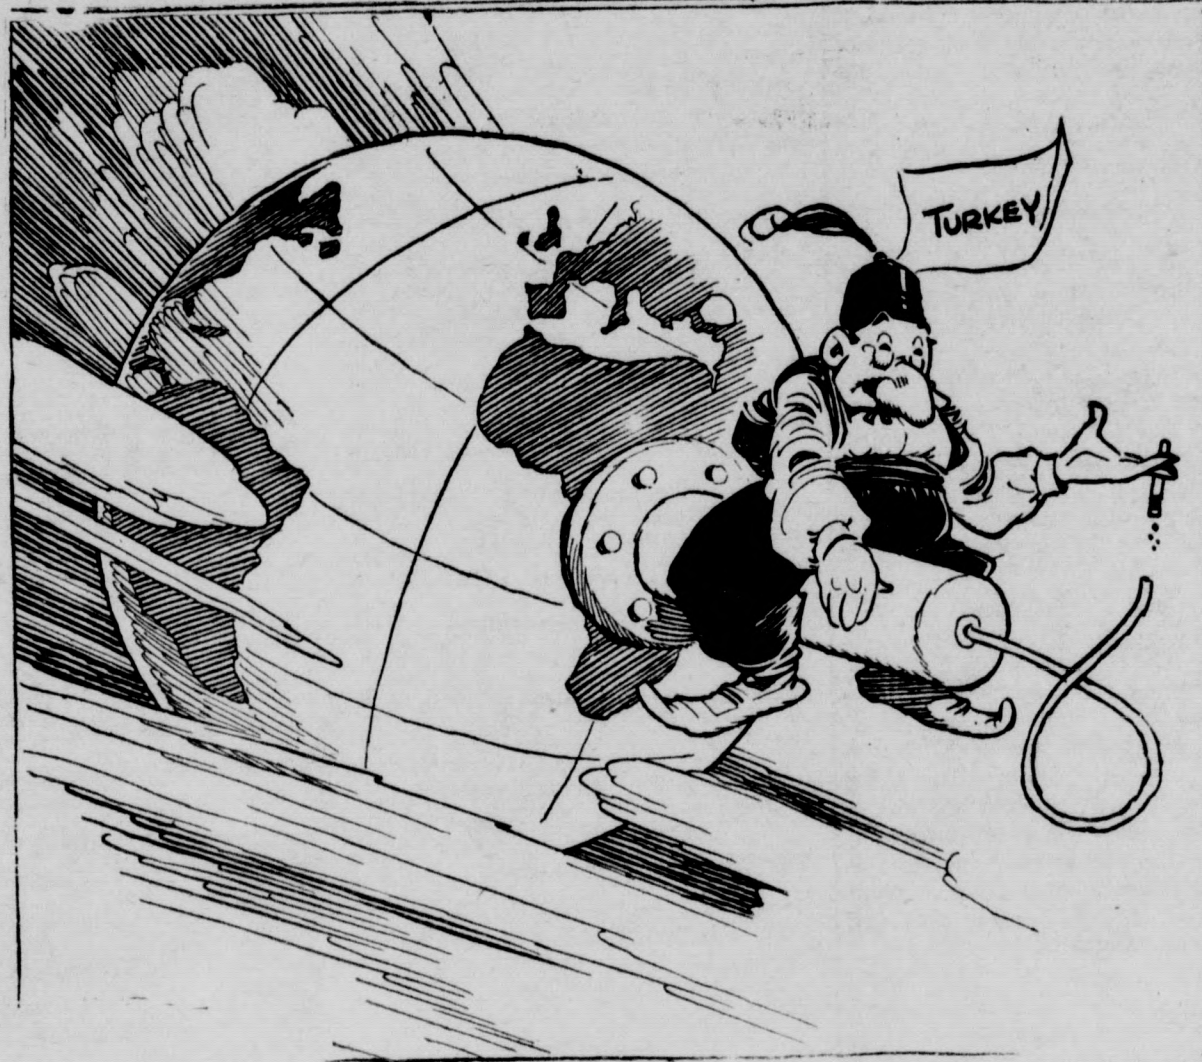

Mr. Felgate has been superintendent of the Sierra Madre estate of Dr. W. Jarvis Barlow for seventeen years. Prior to coming to this country from England he had extensive experience as a nurseryman and he has come to be one of the best known fruit and flower growers of Southern California.

Mr. and Mrs. H. M. Olds of Wyoming have been visiting at the home of Mrs. W. H. Ingraham during the past week. Mr. Olds is a brother of Mrs. Ingraham.

Win A Dollar—See the Base Ball Puzzle on Page Six.

## TRYING TO BLOW IT UP AGAIN

## THOMAS SUCCEEDS SHARPE WITH P. E.

Severing his long standing connection with the Pacific Electric Railway, Edward H. Sharpe, formerly special representative of the executive department of the local railway, today joined the forces of the Victor Girard Company. Mr. Sharpe will assume charge of the publicity activities of the well known local realty subdivision.

Through his development and publicity work with the Pacific Electric Railway, Mr. Sharpe is well known throughout Southern California and his resignation to take other work came as a surprise to many friends in this section.

Edward C. Thomas, formerly general agent in charge of advertising, has been appointed to succeed Mr. Sharpe, and will assume his new duties immediately upon his return from the East, where he is now attending the annual convention of the American Electric Railway Association in Chicago.

## A. R. HERRINGTON IS FOUND DEAD

Albert R. Herrington, a resident of Sierra Madre the past three years, was found dead Monday morning in his home at 270 W. Highland. He had apparently passed away during the night while sleeping. Deputy Coroner McDonald and Autopsy Surgeon Wagner made an examination and said death was due to fatty degeneration of the heart.

Funeral services were held Wednesday morning at the undertaking parlors of Bergien, Babot & Schmitt, interment taking place at the Sierra Madre cemetery. Mr. Herrington was 75 years of age and is survived by a daughter, Mrs. A. D. Cain of Los Angeles.

## GEORGE D. SMITHSON VICTIM OF APOPLEXY

George D. Smithson of Arcadia passed away Sunday at Sierra Madre Hospital, failing to recover from a stroke of apoplexy which he suffered some time ago. He was 72 years of age and resided several months on Sunnyside avenue, before going to Arcadia. His active years were spent in Kansas where he was prominent as a farmer and livestock dealer. Funeral services were held Tuesday afternoon in the Allen T. Gay chapel. Rev. Thomas of the Arcadia church was in charge. The remains were taken to Kansas for interment. Mr. Smithson is survived by his wife and eleven children. Of the latter Mrs. L. W. Gragg and Miss Dorothy Smithson are well known in Sierra Madre.

## LAST REGULAR BANK DIVIDEND

First National Will Transfer All  
Business to Savings Bank  
On November 4

Stockholders of the First National Bank received their regular quarterly dividend checks this week, on the usual 12 per cent basis. These are the last regular dividends they will receive from the First National, as on November 4, the affairs of the bank will be liquidated in accordance with permission received from the Treasury Department. Thereafter all the banking business will be in the hands of the Sierra Madre Savings Bank, which is under the same ownership.

The last quarter's business has been the best in the bank's history, according to Cashier H. E. Allen. The first reason for making the change to a savings institution is the fact that the old bank had outgrown its capitalization. Inasmuch as a change in the business was necessary it was thought that a bank organized under the state laws would fit local business requirements better than does a national bank.

The old bank had a capital of \$25,000, while the new bank starts with a paid up capital and surplus fund of \$50,000.

Owing to the near approach of the liquidation of the national bank, depositors are urged to transfer their accounts to the new bank as soon as possible. The business will be conducted in the same quarters and by the same personnel, except that Mr. Allen is president and W. H. Ingraham, Jr. is cashier of the savings bank.

## SPRECKELS AND HENY VISITORS

Messrs Rudolph Spreckels of San Francisco and Francis J. Heney of Los Angeles were Sierra Madre visitors on Tuesday morning. They were enroute from Riverside to Los Angeles after holding a series of meetings in Riverside county in the interests of the Water and Power Act and were transported by Mr. and Mrs. W. J. Lawless. They expressed keen regret at being unable to make a longer stop in Sierra Madre, to see more of the place which they pronounced most attractive and to meet the many active supporters of the Water and Power Act here.

Mr. Spreckels is the man who financed the San Francisco graft prosecution which was carried on by Mr. Heney up to the time he was disabled by being shot. Mr. Heney was largely instrumental in the framing of the act to which they are now devoting their time.

## BRAUN-DAVIDSON

In the presence of a few relatives and close friends, Miss Myrtle Braun of Memphis, Tenn., became the bride of Mr. Herbert P. Davidson of Long Beach Wednesday evening. The ceremony was performed by Rev. Father Powers of the Catholic Church of Monrovia at the rectory. Following the ceremony the company returned to the home of Mr. and Mrs. Woodson Jones where supper was served. The bride is a niece of Mrs. Jones, Mrs. Shannon and Mrs. Nuetzel and has been visiting in Sierra Madre since June. The groom was formerly a resident of Memphis, but is now interested in a producing oil business and in real estate investments in Long Beach.

## CRAIG-HANSON

San Pedro Daily Pilot—Culminating a romance which began in Sierra Madre three years ago, Miss Isabel H. Craig, attractive daughter of Mrs. R. H. Craig of 463 Sepulveda street Saturday morning become the bride of Verle J. Hanson. The wedding ceremony which was simple but attractive in every detail was performed at the home of the bride's mother at 9 o'clock with Rev. Henry Babcock of the First Presbyterian Church officiating. Miss Edna Way was the bridesmaid and Harold J. Craig, brother of the bride, was best man.

Present at the ceremony were only the immediate families of the couple which included Mr. and Mrs. J. J. Gallagher, the groom's parents, and Mrs. R. H. Craig.

Miss Craig is a very charming and well versed young woman. She is a native of California, having been born in Los Angeles and living in Sierra Madre for fourteen years, coming to San Pedro over two years ago. She is stenographer for the Union Oil Company at the Outer Harbor Dock and Wharf. Miss Craig is a graduate of the Pasadena High School.

Mr. Hanson is the son of Mrs. J. J. Gallagher of 230 West Ninth street. He is well known in San Pedro and vicinity, having lived here since 1915. He is a graduate of the Tacoma, Wash. High School. Mr. Hanson has an enviable overseas record, having served in the army with Battery B, Fourth A. A. battalion C. A. C. for two years and eight months. At present he is head clerk at the Union Oil Company at the Outer Harbor Dock and Wharf Company.

Born to Mr. and Mrs. D. C. Ashmore this morning at the Pasadena Hospital, a son.

Mr. and Mrs. H. W. Glidden are planning to leave Saturday for a trip to San Francisco.

## LUNCHEON PROGRAM ON NEW C. C. PLAN

Chamber of Commerce Members Will  
Be Assigned Task of Providing Entertainment

At the Chamber of Commerce luncheon at the Venture Inn on Tuesday a new policy was adopted in reference to programs. It is believed that the plan will result in creating greater interest in the luncheons an assured varied entertaining and educational program.

At each luncheon one of the parties present will be elected to take complete charge of the program for the third following luncheon. The party responsible for the program will be allowed to select such features as he chooses for the program provided it will not detain the diners past one o'clock.

The speaker for next Tuesday's luncheon will be Ray C. Everhard, attorney for the Water and Power bureau of the city of Los Angeles who will speak in favor of the Water and Power Act. Mr. Robert Mitchell was elected to take charge of the program for Tuesday, October 17th, and Mr. H. E. Allen for that of October 24th.

Mr. A. C. Anderson of Los Angeles spoke at the luncheon on Tuesday on "Fire Prevention." With his address he brought home to all, the necessity of being continually on the alert to eliminate fire hazards in the public schools, homes and places of business. Each left with the fixed intention of making a survey of his premises and correcting all conditions containing a fire hazard.

## TWYXCROSS ENJOYS BEACH VACATION

S. R. G. Twycross is on duty again this week after enjoying a fortnight's vacation with Mrs. Twycross at their Ocean Park cottage. It was his first vacation in about eight years. During his absence the mails were transported between the post office and Santa Anita by Jackson Barker. Postmasters come and go without stopping the post office department, but there is no telling what might happen if Mr. Twycross should decide to retire from the job of mail messenger after thirty years of service.

## WOODSON JONES FALLS IN LOVE

It is telling no secret to let the public in on the fact that Woodson Jones has fallen in love with a bunch of baby dolls. You wouldn't blame him if you were to see the bunch. If you doubt it, just go around to his store and see them for yourself. He has just received them from the factory of Ross & Ross. They are character dolls, all made of cloth, most of them washable, some of them laughable, and all of them loveable. If you are the least bit susceptible to the charm of a baby doll you will most likely want to acquire one—for your own youngster.

George K. Bourke returned home this week after enjoying an auto tour with friends which took him all through the northern part of the state.

## Steady Growth For The Chamber of Commerce

The Chamber of Commerce having shown a program of accomplishments and having under way several projects which will be of immense value to Sierra Madre is attracting new members each week. Five new names were added to the membership roll last week, and those welcomed to membership in this progressive civic body this week are, Judge Warren L. Williams, 49 W. Live Oak; Mr. W. J. Lawless, 506 W. Grand View; Dr. E. L. Jackson, 89 N. Auburn, and Vinton A. Hoegee, E. Mira Monte.

The Chamber of Commerce is in better condition today than any time since the old board of trade days. It is now able to carry on effective work for the development and improvement of Sierra Madre.

## Woman's Club Luncheon For Opening Day

Monday, October 9, opens the year's work for the Sierra Madre Woman's Club. There will be a luncheon at 1 o'clock, preceded by an informal reception. Luncheon tickets will be 75c and reservations may be made with Miss Eleanor Bayne, up to Friday night. Each member is entitled to bring one guest.

The splendid list of speakers includes distinguished citizens of our own community, and well known state and district officers of the Federation of Woman's Clubs. They will occupy the interval between the luncheon and afternoon program, with short talks. Special invitations have been sent to the clergy of the city, from among whom Rev. W. H. Rawlings will give the invocation.

Mrs. J. A. Osgood, Club Mother, will give greetings and the club president, Mrs. J. Milton Steinberger will make an opening address. Mrs. Sidney Thomas Exley, vice president at large, State Federation of Woman's Clubs and Mrs. John C. Urquhart, district president, will bring greetings to which responses will be made by Mayor Mitchell. Others present will be; J. N. Hawks, president of Chamber of Commerce; Dean Shaw, chairman of the school board; E. D. Topping, president of the Fireman's Club, and George S. Anderson, president of the Men's Community Club. Mrs. Frank Gibson, member of the Housing and Immigration Commission, will speak on "Our State." The Parent-Teachers Association will be represented by its president, Mrs. Fred Griebel and the local press by Mr. George B. Morgridge. The speaker of the afternoon will be Miss Gertrude Barnum, and her subject, "Our Nation."

A number of new members have been received into the club, and these together with the old, will rally to this first getting-together luncheon and meeting which is always one of the most interesting of the club year.

It is requested that as many members as can, will forward checks for payment of dues to the treasurer, Miss Eleanor Bayne, before Monday, and thus avoid the unnecessary rush at the door. Members are informed that their membership tickets must be presented at the door at each meeting, and that guest cards must also be filled out and presented to the treasurer. These rules will be strictly adhered to throughout the year.

During the past few weeks the club house has been renovated and beautified in anticipation of this opening date, and members will be delighted with the changed appearance, wrought by the busy hands of loyal loyal women during the warm summer days.

## PARISH HOUSE IS PROGRESSING

Contractor T. M. Webster and his workmen are making rapid progress with the erection of the new parish house for the Church of the Ascension. The building adjoins and is connected with the main church building. It will contain parlors, auditorium and kitchen for social affairs, as well as work room for the ladies of the guild. The roof will be completed within a few days and the building rushed to completion so that it will be available for use during the fall and winter activities.

Mr. and Mrs. George B. Morgridge and children spent Saturday at Santa Monica visiting Mr. and Mrs. C. C. Wilson and family. The latter still have their home in Alameda, but are in the south until after the November election. Mr. Wilson is director of publicity for the California Real Estate Association which is fostering the initiative amendment which would place all street railway and bus line franchises in the hands of the state railroad commission instead of having the authority scattered among all the different municipalities of the state.

Mrs. Paul Baugh was in Sierra Madre on Tuesday visiting old friends.

Mr. and Mrs. H. M. Pease and family of London, England, arrived on Wednesday and are visiting at the home of Mrs. Milton Steinberger, who is a sister of Mrs. Pease. Mr. and Mrs. Pease spent a few months in Sierra Madre about five years ago and may decide to locate permanently in Southern California.

### ETCHINGS DISPLAYED AT VENTURE INN

On the walls of the Venture Inn are  
now shown some fine examples of the  
art of Mrs. Galloway R. Duncan of  
Pasadena. The etchings show finish-  
ed work of highest order and several  
little gems in oils have won commen-  
dation from visitors to the Inn. Mrs.  
Duncan is well known in Sierra Madre  
art circles, having resided here before  
removing to Pasadena.

### GOLD FEVER EPIDEMIC DUE

Discovery of Pay Ore Reported From  
Canyon Above Sierra  
Madre Villa

Another of the periodical gold  
strikes in the Sierra Madre mountains  
has been made by two Pasadenans,  
they report. The lucky prospectors  
are George Kingsley of 308 North  
Mentor avenue and Lester Martin of  
1091 North Wilson avenue.

Kingsley claims that a little above  
Pasadena Glen, near Sierra Madre  
Villa, he and his partner have found  
ore running \$15 a ton. The ore was  
struck fifteen feet below the surface.  
They have filed upon the claim and it  
is expected that a rush to the vicinity  
will follow announcement of the dis-  
covery.

That there is a certain amount of  
gold in the Sierra Madre mountains  
has been known ever since the mission  
days, but no profitable mining has of  
late years been carried on in this  
vicinity.

### EFFECT OF COVER CROPS ON TEMPERATURE

Farm Bureau Makes Interesting  
Investigation in the  
Citrus Orchards

At the request of the Citrus Grow-  
ers Department of the Los Angeles  
County Farm Bureau, Mr. Floyd D.  
Young recently analyzed the valuable  
data which he gathered during the  
past winter with respect to the effect  
of cover crops on the temperature in  
citrus orchards.

Mr. Young recently held a confer-  
ence with Farm Advisor Hodgson for  
the purpose of making available the  
general results of the study, prior to  
the time when they will appear in  
print as a scientific article or bulletin.  
Citrus growers have been anxiously  
awaiting authoritative information on  
this subject as it has a very important  
relation to the planting of cover crops,  
many growers having delayed plant-  
ing, awaiting the results of Mr.  
Young's investigation.

At the conference, Mr. Young  
showed tables and charts which indi-  
cated that at a height of five feet  
from the ground, in orchards of aver-  
age size, surrounded by areas not  
planted to winter cover crops, the ef-  
fect of a winter cover crop on the  
temperature is negligible. Close to  
the ground there is a slight difference  
in favor of clean cultivation, but this  
difference rarely exceeds more than  
a degree and a half. It was found,  
however, that in cover cropped or-  
chards, the temperature rose some-  
what later in the morning than was  
the case in clean cultivated orchards.  
Mr. Young stated that he hoped to  
continue investigations for at least  
another year, as he thought it quite  
probable that in districts where large  
orchard areas are solidly planted to  
winter cover crops, the difference in  
temperature at a height of five feet  
might be somewhat greater than in  
the case of small areas planted to  
cover crops surrounded by large areas  
of land under clean cultivation.

"From the results of last season's  
work," said Mr. Young, "I could not  
recommend that citrus growers should  
discontinue the use of cover crops in  
their orchards, as the differences in  
temperature were found to be practi-  
cally negligible at a height of three to  
five feet, and below that point so small  
as to be of little real significance."

The spring meeting of the Mission-  
ary Society of the Congregational  
Church will be held at the home of  
Mrs. W. S. Hull, 153 Santa Anita  
Court on Tuesday afternoon at 3  
o'clock. This will be a most interest-  
ing meeting. A special speaker is to  
law. Hostesses Messdames Hull and  
Gay.

### OPOSSUM IS SHOT IN SIERRA MADRE

James E. Sadler bagged a rare  
specimen of game for Southern Cali-  
fornia last Saturday night when he  
shot a big opossum which had been  
making his presence known around the  
west end of town for some time. The  
animal weighed nearly thirty pounds  
and his species was identified by Cap-  
tain Osgood and others familiar with  
the animals.

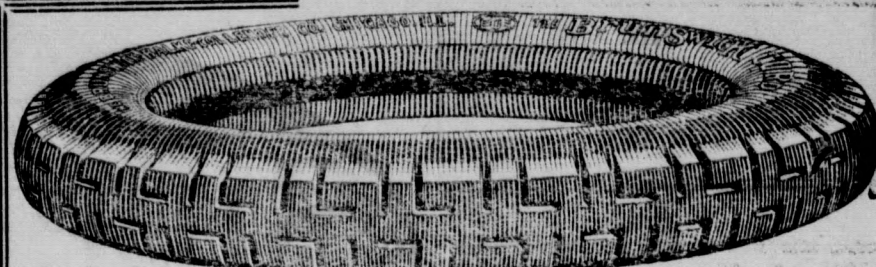

### Life Lines BY HMC

IT'S true the great Creator made  
expressions by the score; expres-  
sions that are registered each day.  
The human being faces are the  
places they are for; they're change-  
able and no one comes to stay.

For instance, when there's sad-  
ness, sorrow eyes will indicate, and  
the same eyes also tell you when  
there's cheer. Just an inkling of a  
twinkle seems to very frankly state  
that the heart is full of gladness;  
shy of fear.

Spreading smiles are quite a tonic,  
for they cheer the whole wide world,  
and it seems a pleasing smile is  
catching, too. Reddish lips are so  
appealing when you find them up-  
ward curled—when you smile, the  
world is bound to smile with you.

Frowns? Well, they are not so  
pleasant. Life's too short to be a  
grouch. People oft avoid the surly  
sort of man. Stand up straight and  
look your finest; that's much better  
than to slouch. If you'll only try to  
do it, why you can!

### The October Garden

By Jessie Ward

After a long, hot summer, the shorter, cooler days of autumn bring new hope and energy to the plant world. Do not wait for "the rains," but spend a little time and money in giving your whole garden a thorough irrigation. You will be surprised how quickly the plants will respond and how much better your garden will be this winter if you give it an early start.

And right here I would like to make a few remarks about the manner in which water should be applied to your plants.

Almost every plant and tree should be watered or irrigated by making a basin around it with a hoe. Let the water flow into the basin gently, until such time as you are sure that the water has saturated the ground to a sufficient depth to reach all the roots. Trenches should be made along rows of shrubs or hedges and the water run into them for hours if necessary. A day after irrigation, the soil in the basins or trenches should be stirred up or cultivated to check evaporation.

Sprinkling should only be resorted to where there are solid beds of shallow rooted plants such as ferns, bulbs, annuals and perennials. The water should not be thrown on with any force but applied by pressing the thumb over the end of the hose and throwing the water upwards and outwards so that it will fall down gently. The small attachments for the hose that lie on the ground and throw the water upwards and outwards are very good. If you haven't an automatic sprinkling system for your lawn, use one of these attachments, pulling it about on the lawn until the entire surface has been covered. Hand sprinkling will leave a lawn out too much.

#### Winter Flowers

Prepare beds now for the winter annuals, the best of which are pansies, stocks and snapdragon. Young plants of these can be had now. For shady beds plant primulas, cinerarias, dwarf begonias and ferns.

It is bulb time now. In preparing beds for bulbs do not use fresh manure as it will rot the bulbs. If you can not secure old, well-rotted manure or leaf mould, it would be better to spread the fertilizer on top of the soil after the bulbs are planted and gradually work it in. Plant small bulbs two to three inches deep and large bulbs four to six inches deep.

The best bulbs for this place are daffodils, amaryllis Belladonna, Cluster narcissus, Chinese lilies, calla lilies, watsonias, freesias, Spanish iris, German iris, star of Bethlehem, sparaxis, ranunculus and gladiolas. The Dutch hyacinths and tulips deteriorate after the first year, so are not to be recommended so highly. All bulbs should be taken up and divided at least every third year.

Sweet peas should be planted now for spring bloom. The ground must be dug to a depth of eighteen inches and well rotted manure mixed with the soil. The seed should be planted and covered an inch deep in the trench about three inches below the surface of the ground surrounding and as the plants develop, the soil worked up to them until the trench is leveled.

#### Trees and Shrubs

Established trees and shrubs can safely be planted now. A basin should be left around each one as it is planted, and plenty of water run into it. Nursery stock that is planted now will get a good start before the cold weather comes on.

It is a good practice to wash off the foliage of your vines and shrubs about once a week at this time of the year with a stiff spray of water from the hose. This will clean off most of the destructive insect life that may be living on the plants such as aphids, red spider and mealy bug.

Give the lawn a dressing of commercial fertilizer or pulverized sheep manure. If any spots in the lawn look dead, dig the spot up and fill in with good new soil. Sow blue grass seed over it thinly and cover with sawdust or clippings from the lawn to hold the moisture. Sprinkle two or three times a day or as often as necessary to keep the seed from drying out while germinating.

There are many shrubs that should be planted for the ornamental berries in the winter. Among these are cotoneaster ponosa, cotoneaster simonsi, cotoneaster franchetti, cotoneaster horizontalis, crataegus lalandi, Crataegus crenata, and California holly.

The Ladies' Aid Society of the Congregational Church will hold a motion picture show in the church on Saturday evening, October 14. The films shown in the past have always been popular and another good one is promised for next week.

Tom Henderson and a bunch of the other boys are laying plans for a minstrel entertainment to be given some time before Christmas if possible. The public will await further announcement with keen interest.

## Neighborhood NEWS

Mr. and Mrs. Richard Laas were visitors at the home of Mrs. Carl Young on Monday.

Greer Caskey and E. P. Bradford spent the week end deer hunting in San Diego county.

Mr. and Mrs. Edgar Mellor of Pasadena were guests at dinner Tuesday evening at the home of Mr. and Mrs. F. L. C. Roess of Highland avenue.

Mrs. Spencer Howard and son, Mr. Frank Spencer have returned from a three weeks vacation which they spent at the different beaches.

Miss Edna Green of East Laurel avenue is spending the week at Catalina.

Mrs. Carl Young and sons Jack and Junior were week end guests of Mr. and Mrs. R. W. Lamoreaux of Hollywood.

Mr. and Mrs. Rudolph Hartman and son left Thursday for a visit with Mrs. Hartman's sister, Mrs. A. L. Tarter of Kerman. Mrs. Harold Pegler will accompany them, while Mr. Pegler goes on a hunting trip.

Mr. and Mrs. Earl Wathen spent Sunday with the Norrises at their cottage at Seal Beach.

Justus Kraft who has been visiting in Europe for the past seven months is enroute to America. He expects to arrive in New York about the tenth of October.

Mrs. Jennie Appleby and Miss Francis are now in Washington, D. C. They plan to leave soon for Florida, where they will spend the winter.

Miss Florence Vannier will entertain the Modern Priscillas on Thursday, October 12, at her home, 153 S. Hermosa.

Mrs. William J. Miller, who has been spending the summer in Canada is expected to return home the latter part of this week.

Mr. and Mrs. Howard Hill who have been traveling in the northern and eastern part of the country for the past three months have completed their itinerary and are scheduled to arrive in Sierra Madre on Saturday.

Mr. and Mrs. George S. Anderson have returned to their home on Mariposa avenue, after an outing of two weeks at Long Beach.

Mr. and Mrs. Walter Lynch were the dinner guests of Mr. and Mrs. Roland A. Adams on Saturday evening.

Dr. and Mrs. C. J. Beers have been enjoying the company of Mrs. Beers' parents, Mr. and Mrs. J. D. McCabe of Lompoc, Santa Barbara County, this week.

Mrs. E. F. Ballou and daughters the Misses Hazel and Jean Woodward have just returned from Long Beach, where they have been sojourning for the past two months.

Dr. and Mrs. George Starr of the Villa are planning to move to Pasadena for the winter.

Mr. and Mrs. George Norris and children, Catherine and Nina, and Miss Leila Kellogg have gone to Seal Beach to spend a two-weeks vacation.

Mrs. Frank Barbour was one of the honor guests at a meeting of the Duwa Blas Club of South Santa Anita, which was held at the home of Mr. and Mrs. L. G. Tracy of Huntington drive on Thursday last.

The Sierra Madre Branch of the Dickens Fellowship will hold its first fall meeting on Wednesday, October 11, at the home of Miss T. H. Graham, 457 North Lima. All members are urged to be present to plan the work for the coming club year.

Mr. and Mrs. Ed Jones of San Pedro are spending a week in Sierra Madre Canyon. Mr. Jones has a prosperous job printing plant at the harbor, but ever since working in the News office several years ago he and his wife have found enjoyment in their occasional outings in Sierra Madre.

Miss Mattie Seeley has been enjoying a visit with Mrs. Merrick Hayes at Niagara Falls. Mrs. Hayes will be remembered as Miss Dorothy McBean who is well known here in Sierra Madre. Miss Seeley will spend some time in New York before returning home in November.

## WEATHER PROPHECY

**A**n intensely cold and severe winter is predicted by "Dill" Altman, trapper who lives in the woods near Kane, Pa. And it will be a long winter, with a very late spring, according to trapper Altman.

For many years his weather predictions have proved so uncannily accurate that the weather bureau experts in Washington frequently write him for his views.

The amateur weather prophets—now being heard from, as customary at this time of year—so far have a big majority in favor of the "hard winter" prediction.

The Amundsen exploring expedition reports that ice conditions in the Arctic Ocean are the worst for many years. That probably is the forerunner of icy north winds.

The lucky individual who lives in the warm climate of the south does not worry much about what kind of weather is in store for his northern brethren. Yet a cold winter, with coal stocks low and the price high, would cause much suffering and business set-backs in northern states. All such things eventually are felt in all parts of the country.

The peach crop is ruined by a frost in one section and later on the loss is felt in far-off communities in the form of fewer orders from the peach belt.

So it goes in our intricate civilization, the whole eventually affected by what happens to each individual part. We are interdependent on each other for prosperity and all other forms of happiness.

## SEVERE GUMMING OF CITRUS TREES CAUSES ALARM

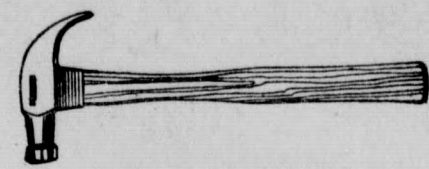

The recent appearance of severe gumming in various citrus districts of alarm because of the amount of gumming that has taken place and the extent of the injury. It is thought by the Agricultural Extension Service that is a frost effect from the severe cold weather of last January and has been accentuated by the soil moisture conditions of the past season, together with recent fumigation. Investigations in many citrus orchards throughout the county have indicated widely fluctuating moisture conditions with a general under supply of water. This situation, together with the severe shock received by trees in January, may have a distinct bearing on the present gumming. For the most part the injury indicates clear gum

unrelated to the ordinary gum disease. However, extensive gum pockets have formed on some trees and fermentation of sap has caused decay to set in. Because of the extent of the injury there is danger that fungus diseases may much more readily attack tree trunks in this condition, and as a precautionary measure, the painting of trunks with Bordeaux paste may be of some value, providing fumigation has already been done; otherwise, this application should wait until fumigation has been completed. There is danger in excessive cutting in an effort to remove the present gummed areas that additional weakening of the tree may occur. In extreme cases, it may aid to open the gum pockets slightly and allow the sap to drain out. Extensive cutting and scraping, however, at this time, may subject the tree to additional infestation from gum disease.

## What to Expect of Paint

PAINT should serve you—prevent depreciation, save repairs, enhance values—for a long period of years.

It should be easy to apply, allowing a minimum labor cost. It should have an excellent covering capacity.

Only the best paint can serve you in this way. We have been making the best paints for 73 years—to meet the weather conditions in the West.

Fuller's Paints will last five or more years longer than "cheap" paints. They spread easily. One gallon will cover approximately 300 square feet, two coats, depending on the condition of the surface.

They contain only the finest materials. We use PIONEER WHITE

LEAD, for example. It is super-purified and ground so fine that it will pass through a silk screen which has 30,000 meshes to the square inch.

All other materials—pure linseed oil, pure zinc, and pure colors—are of the same high quality—the quality which is essential to production of best paints.

### Free Advice on Painting

Ask our agent for advice, color cards, etc.

Ask the Fuller Specification Department about the most desirable color schemes, color harmony and any other details.

Makers of Rubber Cement Floor Paint, All-Purpose Varnishes, Silkenwhite Enamel, Fifteen-for-Floors Varnish, Washable Wall Finish, Auto Enamel, Barn and Roof Paint, Porch and Step Paint, and PIONEER WHITE LEAD.

## LINEBERGER AND RANDALL AGAIN EXCHANGE LETTERS

A recent issue of this paper carried a letter of C. H. Randall, inviting Congressman Walter F. Lineberger to a joint debate upon current political issues. Mr. Lineberger's reply to Mr. Randall follows:

Long Beach, California,  
September 21, 1922.

Mr. Chas. H. Randall,  
Pasadena, California,

Dear Sir:—Your letter of the 18th instant is at hand, but I can see no necessity for a joint discussion such as you suggest, unless you are against the Eighteenth amendment, the strengthening of the Volstead Act, the proper protection of our lemon, walnut and other California industries, the development of our harbor, adequate legislation in favor of the veterans of all wars, child labor laws, and a square deal for labor, for all of which I stand, in addition to being a Republican who thoroughly believes in the principles of the party of Lincoln, Roosevelt and Harding.

As a Republican, I claim to represent the political as well as the moral sentiment of my district, and stand squarely on my record which I do not believe you can, with sincerity, attack. We have a Republican president, a substantial Republican majority in both houses, and the vast majority of voters registered in this district are Republican.

As you are not a Republican, it is simply a question of whether or not the voters of the district believe that I, as a dry Republican, in full sympathy with the moral as well as the political sentiments of the district, can better represent them in the routine and legislative matters coming before a Republican Congress than one who stands on the all-embracing political platform of "all things to all men."

My time is so filled with my official duties that, as I said before, unless you are willing to go on record as against the things for which I stand, outside of our natural partisan differences, I must decline your invitation, and rest content to leave it to the decision of the voters of the Ninth Congressional District on November 7 next, without intervening debate or parley between us.

In answering your letter I am ignoring your previous discourtesies to me in failing to acknowledge various letters to you, written in all good faith, and wish to advise you that since you have failed to acknowledge or reply to the letters to which I refer, I shall feel constrained to ignore future communications on all matters referring to your candidacy.

I regret very much to take this action, and am doing so without any personal ill-feeling toward you, but I believe that it is more than justifiable in view of the arbitrary position which you have taken in the premises.

Very truly yours,  
WALTER F. LINEBERGER.

### PARENTS MUST REGISTER CHILDREN UNDER 18

This week is registration week for minors, according to the new child welfare law which went into effect some time ago. According to the new ruling parents or guardians of children under eighteen years of age must go to the school house of the district in which they live and register. Failure to do so may be punishable under the law. The date set for registration is October 3 to 18.

Following Congressman Lineberger's refusal to debate the issues of the campaign with Charles H. Randall, both being candidates for Congress in the Ninth District, Mr. Randall has issued a second invitation to Lineberger to appear publicly throughout the district. In his new defi Randall says:

"You decline my respectful suggestion that we appear before the voters of the Ninth District in joint discussion on the ground that your official duties require your attention, and furthermore you think no criticism of your official record is possible anyway."

"In reply I would say it is well known you have been absent from Washington since about August 1st, and that you were not on hand to represent this district when measures of great importance were being considered and voted upon, namely the bonus and tariff bills, in which you profess great concern. If you have time to campaign here while Congress is in session, why can you not find time now that Congress has adjourned?"

"Secondly, my invitation to you, couched in most polite language suggested that the citizens of the Ninth District are entitled to see their candidates and hear their defense of the principles for which they stand. How can you object to such a program?"

"If you think I am in harmony with all your voting record, I will quickly disabuse you when the debates open."

"I do not agree with your adverse vote upon the proposals to rehabilitate the agricultural interests of the country through loans made by the War Finance Corporation, and I cannot understand your silent vote when an appropriation of \$500,000,000 in the form of an unsecured loan to the railroads was proposed."

"I do not agree with your affirmative vote to destroy the seamen's law by which sailors on vessels under the American flag are protected—you voted to destroy the safety provisions of that law."

"I do most emphatically condemn your vote to whitewash Attorney General Daugherty upon his failure and refusal to prosecute war grafters. You did this in spite of the fact that the Republican Rules committee reported favorably on the investigation, and notwithstanding, comrades of yours in the great war implored Congress to probe this crime against the heroes of that struggle, you voted with the "Old Guard" to smother and strangle the investigation. Mr. Daugherty is under impeachment charges by Congress and is universally condemned by the people of this country. How do you defend your vote?"

"I do not agree with your vote for a tariff bill which commits grand larceny upon the American consumer, and which according to leading Republican newspapers will increase the cost of living by billions of dollars during the next year."

"I do not think the people of the Ninth District look with approval upon your alignment with the reactionary element of your party, and I think they will more likely vote for one of progressive tendencies."

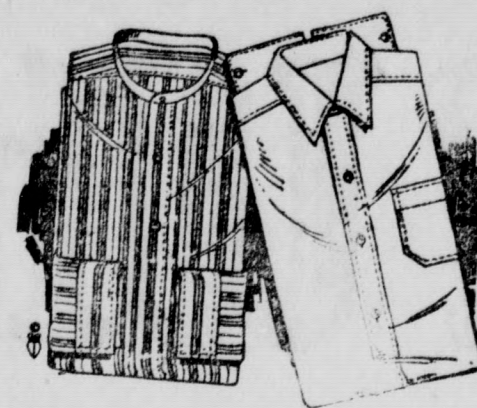

"These are things which I do not like to say on the stump except in your presence where you may defend yourself. I invite you to reconsider your determination not to meet me before the people."

Very cordially,  
CHARLES H. RANDALL.

## Papa Shows Little Jacqueline How to Make Up

GEORGES CARPENTIER, who seems to be quite as popular in the "movies" as if he'd beaten Jack Dempsey, instead of just the other way about, is seen here explaining to his little daughter, Jacqueline, the right way to "make up." Georges is in costume for his part in J. Stuart Blackton's film, the "Gipsy Cavalier."

## SPOTS! SPOTS! Ruined? NO, We'll Clean It

How often you have almost given up in despair when son or daughter has come home with the front of his best suit or her new woolen dress covered with spots.

Utterly ruined, you have probably thought. But really it's easy for us to clean. Just send in the suit or dress, the sweater or coat and we'll dry clean it by our modern, efficient method.

When it's returned to you there will not be as much as the trace of a spot upon it. It will be pressed to its original shape and the color will be renewed too. Occasional cleaning actually lengthens the life of the garment.

Phone us today. Our salesman will be glad to call.

## Just Think of It! \$5.00 in Prizes!

¶ Come on, you baseball fans of Sierra Madre! Let's see how much you really know about your favorite sport. With this page the News today gives you a chance to pick up some "easy money" and at the same time test your knowledge of the national pastime.

¶ From a baseball standpoint, there is something technically

wrong with the plays and figures featured in each of these cartoons. Can you guess what it is?

¶ Sit down and try to figure it out today. Write the number of each cartoon as it is numbered here on a separate sheet of paper. Then, after each number, write what you think the corresponding answer should be. All answers

should be sent to the "Baseball Contest Editor" of this paper not later than October 11. Winners will be announced in next week's News. So get busy and try your luck!

¶ \$1.00 each for five correct lists. If more correct lists are received, the five will be chosen by lot. If less than five lists are correct, the \$5.00 will be divided equally.

Fill with **RED CROWN** and nothing else

Motorists who follow this rule in their gasoline buying find that they not only save money—because "Red Crown" yields more per gallon mileage—but improve the power and stamina of the motor.

"Red Crown" enables your car to develop the maximum of power that its makers built into it. It vaporizes rapidly and uniformly in the carburetor, and is consumed completely in the cylinders. Uniform wherever and whenever you buy it—hence you don't have to bother with carburetor adjustments.

Fill at the Red Crown sign—at Service Stations, garages, and other dealers.

STANDARD OIL COMPANY (California)

## RADIO

### REGENERATIVE SET COSTLY BUT USEFUL

#### Methods for Converting the Simple Vacuum Tube Receiver Into That Type.

There are a great many amateurs who own and operate radio receiving sets using vacuum tube detectors who would like to have regenerative receivers. Regenerative receivers, however, are relatively expensive because of the high royalty the companies licensed to manufacture these sets pay for the use of the Armstrong patent.

The regenerative circuit is desirable in spite of these difficulties, because by converting his vacuum tube detector into a regenerative receiver, an amateur cannot only then pick up undamped or continuous-wave signals but his incoming signals will be greatly amplified. A regenerative receiver will produce for the same incoming signal a much stronger response in the headphones than a non-regenerative receiver in connection with a one-stage amplifier. Then, too, the addition of the amplifier necessitates extra tubes, amplifying transformers, etc., as a first cost and more power to operate as a maintenance cost.

The simple vacuum tube receiver using a tuning coil only for varying wave length can be recommended as

length, a better circuit arrangement can be had for regeneration. Figure J shows the circuit connected for regeneration. This is also the ultra-audion circuit. By the use of the ultra-audion circuit the simple loose coupler can also be converted into a regenerative circuit with a vacuum tube.

One of the best methods for converting a loose coupler into a regenerative circuit receiver, provided the primary of the loose coupler is equipped with two sides, is shown in Figure L. Here the primary of the loose coupler is used not only as a part of the antenna oscillating circuit, but also as the plate inductance coil

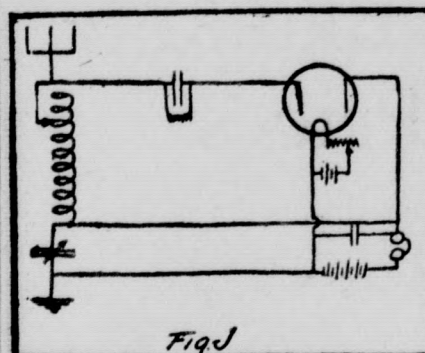

Fig J

for feeding energy back to the grid circuit from the plate circuit.

The best method of adapting a loose coupler to a regenerative circuit arrangement is shown in Figure M. The primary of the loose coupler is used for tuning as in a single circuit tuner employing a tuning coil. The secondary of the tuning coil is not connected in the grid circuit as it normally is, but is in the plate circuit.

By connecting the secondary in the plate circuit, the amount of inductance in the plate circuit can be varied and the coupling of the plate

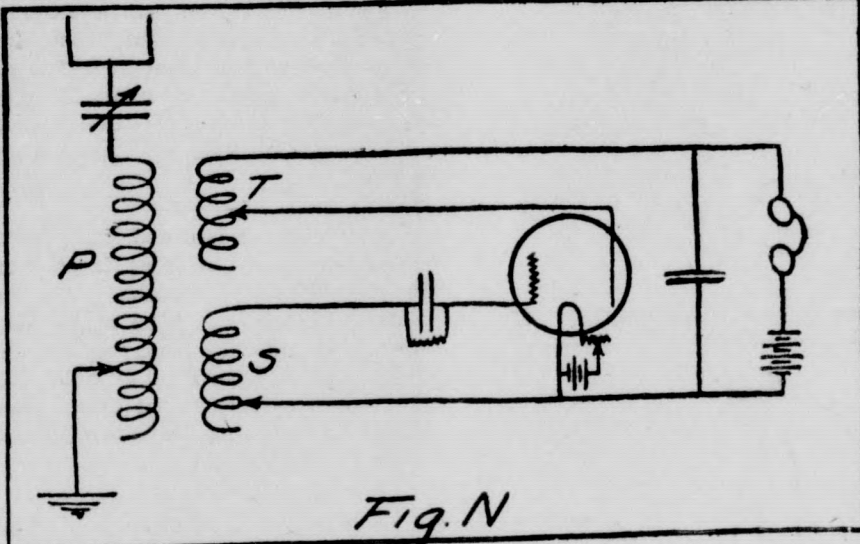

Fig N

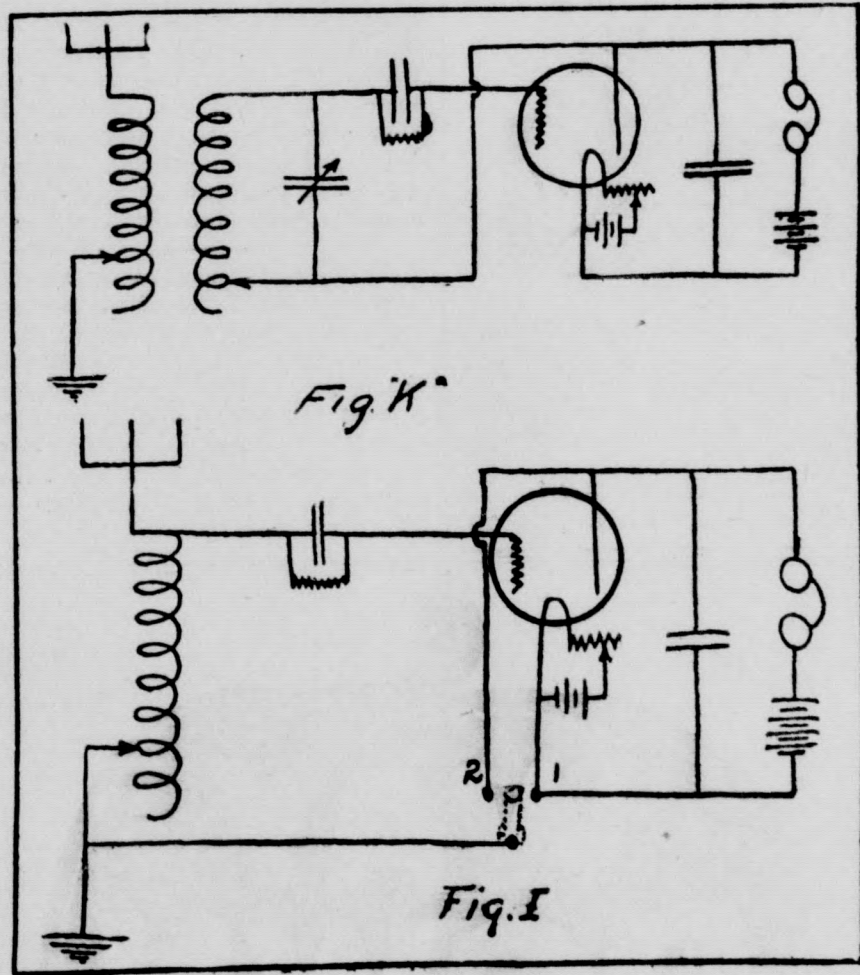

Fig K

shown in Figure I, to form a regenerative circuit. When the two-point switch is on contact No. 1, the set is non-regenerative. Turning the switch to point No. 2 makes the set regenerative. The circuit arrangement for regenerative is known as the ultra audion circuit.

It is difficult to control the amount of regeneration in a circuit of this

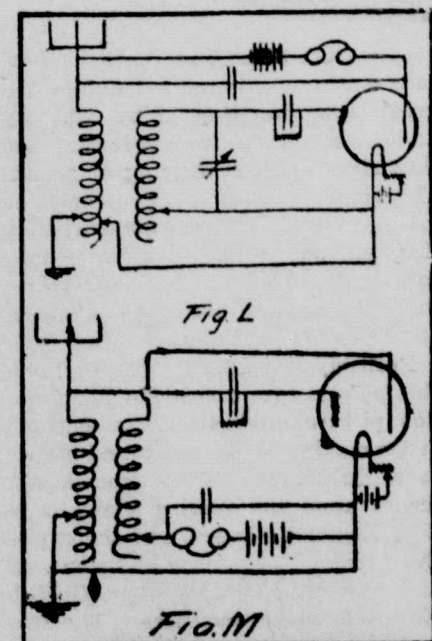

Fig L

type and close adjustment of the filament current and plate potentials is necessary to avoid distortion.

When an antenna series condenser is used in conjunction with the tuning coil for controlling the wave

circuit back to the antenna and the grid circuit can be controlled. This will allow any desired result in regenerating that can be used to obtain excellent results.

For those who wish to retain the selective tuning properties of a loose coupler, the feed back arrangement shown in Figure N is suggested. In this circuit a third coil called a "tickler" is connected in the plate circuit and used to feed back the plate circuit energy into the grid circuit. The tickler coil is similar in physical dimensions to the secondary of the loose coupler though it need have only approximately 75 per cent as many turns.

It should be mounted on rods to slide back and forth inside of the primary of the loose coupler, entering the primary from the opposite side as does the loose coupler; that is, a loose coupler equipped with two secondaries, one sliding in one side of the primary, and the other sliding in the other side of the primary. It is desirable to have more taps on the tickler coil than there usually are on the secondary so as to permit a closer adjustment of the plate circuit inductance.

#### Radio Fans Blamed in Paris.

The opening of the station at Eiffel tower for broadcasting purposes brought much joy to the continent and England, but not to the French department of communications which controls the wire systems there. In Paris alone it is reported that more than 200 telephone receivers are "lifted" every day and never returned. The radio fans are blamed.

### "WAY DOWN EAST" IS COMING TO COLONIAL

D. W. Griffith's great film spectacle, "Way Down East," will be seen next week at the Colonial Theater, Monrovia, Sunday, Monday and Tuesday October 8, 9, and 10. It will be the first showing in this neighborhood.

If such be possible, this masterful production by the genius of the screen bids fair to eclipse even the enormous vogue enjoyed by "The Birth of a Nation." Now being offered in the leading cities of the land, "Way Down East" is attracting capacity throngs and seats are sought weeks in advance.

This picturization of the famous stage success furnished by Lottie Blair Parker and Joseph Grismer goes much further than the original tale. Mr. Griffith has begun where they halted. He has not made it a provincial thing; attempting to explain nothing he has welded a theory of eternal love and in so doing has removed his

Rev. and Mrs. J. D. Herron of Cambridge, Ohio, are guests at the home of Mr. and Mrs. W. P. Caley.

Mr. and Mrs. George Hope have been enjoying a visit from their son, Mervyn L. Hope, who is now manager of the Pacific Title Insurance Co., of Redwood City.

Mrs. George J. Starr entertained a number of Sierra Madre friends at luncheon and bridge at her Sierra Madre Villa home last Friday afternoon.

Having rented their home on north Baldwin for the winter, Mr. and Mrs. George Hope have gone to Los Angeles and taken an apartment at 1020 1/2 North Alvarado.

Plans are already well under way for the annual bazaar of the Woman's Guild of the Church of the Ascension. It is expected rehearsals for the play will begin at once.

Richard Buhlig of Los Angeles has been the guest this week of James E. Sadler of 632 W. Montecito. Mr. Buhlig is a pianist of note and during the past two seasons has given the lectures explanatory of the philharmonic orchestra concerts.

Mr. and Mrs. Gilbert Keys and Miss Christine Snell drove to Santa Barbara for the week end. On their return home they were accompanied by Mr. and Mrs. A. F. Snell, who enjoyed a three-weeks vacation in Santa Barbara County.

The Sunday School Teachers Club of the Congregational Church met last Friday evening at the home of Mr. and Mrs. S. M. Karicofe to discuss plans for the fall and winter. Delicious refreshments were served by Mrs. Karicofe.

E. J. Webster returned this week to his home at 121 E. Alegria after an absence of three months. The last three weeks he has been at Hermosa Beach. He left last June for his summer home on Lake Pend O'Reille, Idaho, where he spent most of the time. Later he went east and returned home by way of New Orleans.

In honor of Mrs. Carman and her daughter, who are leaving for their home in New York, a surprise party was given them Saturday evening by Mr. and Mrs. Norman Morrison and Mr. and Mrs. Tom Henderson at the home of the latter on East Grand View. About thirty were present, cards and dancing being enjoyed. Music was furnished by Don Parker and light refreshments were served.

On Monday evening at the regular meeting of the Order of the Eastern Star, Mrs. Albert Wheeling, Mrs. Mary A. Wilson, and Mrs. Lou Martha Sharp were initiated into the order. A most pleasant surprise occurred during the evening, when Mrs. Margaret Moore presented the chapter with a vacuum cleaner. Delightful refreshments were served.

## "CUNNIN' DOLLY"

¶ You never saw such a lot of them! Character dolls, lots of different kinds, white and dark, some of felt and some washable. Humpy Dumpty is among them, also Jocko and Peter Rabbit.

¶ If you want to make some child happy come in and see this wonderful line from the Ross & Ross factories. Prices are very reasonable.

### CERTIFICATE OF CHANGE OF INDIVIDUAL DOING BUSINESS UNDER A FICTITIOUS NAME

KNOW ALL MEN BY THESE PRESENTS: That whereas, heretofore, L. W. Barlow and H. W. Bell, as copartners conducting a feed and supply business in East San Gabriel and in Arcadia, in the County of Los Angeles, State of California, under the fictitious name of Valley Feed and Supply; and

Whereas, said L. W. Barlow, also known as Lewis William Barlow, has purchased from said H. W. Bell his interest in said partnership and business, and is now the sole owner thereof, and will continue to conduct the same, and said H. W. Bell no longer has any interest therein,

NOW, THEREFORE, the undersigned does hereby certify that he will continue and carry on a wholesale and retail business in hay, grain, seeds, feed and fuel at the Southern Pacific Tracks and San Gabriel Boulevard, San Gabriel, California, and Huntington Drive and Second Avenue, Arcadia, California, under the same fictitious name: Valley Feed and Supply; that he is the sole owner of said business, and that his full name and residence are: Lewis William Barlow, San Gabriel, California.

IN WITNESS WHEREOF I have hereunto set my hand this 19th day of August, 1922.

LEWIS WILLIAM BARLOW,  
STATE OF CALIFORNIA,  
County of Los Angeles,

ss.  
On this 30th day of August, before me, J. H. Merriam, a Notary Public in and for the County of Los Angeles, State of California, residing therein, duly commissioned and sworn, personally appeared Lewis William Barlow, known to me to be the person described in and whose name is subscribed to the within instrument and acknowledged to me that he executed the same.

IN WITNESS WHEREOF I have hereunto set my hand and affixed my Notarial Seal at the County aforesaid, the day and year in this Certificate first above written.

(Seal) J. H. MERRIAM  
Notary Public in and for the County of Los Angeles, State of California.

### CARD OF THANKS

We wish to take this means of expressing heartfelt thanks to our many friends for kindnesses and assistance rendered during the illness of our mother and aunt, and for the many expressions of sympathy and love upon the occasion of our recent bereavement.

MRS. JESSIE HEDDERLY  
NORVAL MCGREGOR.  
MRS. JAMES HASTIE.
